

# Security

A first of its kind multi-function door reader, and a modern, easy to use cloud-based software, powered by Access Intelligence

Emergency phones - Parking lots, Campus, Corporate, Healthcare, Area-of-Rescue,

SMART Sensor—Vape & THC detection. Air quality, Keyword, Gun-Shot, Chemical detection. IoT PoE device

Smart power solutions for Access control, single, dual or multi voltage outputs. Custom reporting, panel network monitoring

Turnstiles, mechanical/retractable barriers. Arm, Glass, No barrier, speed gates/lanes. DoorGuard-Tailgating solution.

A product of RF Technology Inc. Mobile alerting and locating solution to protect staff and students

The most effective product of its kind to protect children, staff, and first responders during active shooter and other incidents

Best in Class door hardware and access control.

Soterix Systems is built on the Nex-aiQ software platform. It is a cloud based VMS built for security with a complete suite of true AI features.

The TriWatch® Global Security Operations Center is a hardened facility that provides 24/7 video monitoring solutions

# Infrastructure

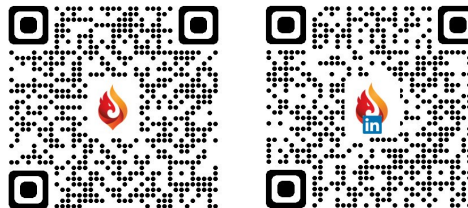

Environmentally robust Fiber Analog, IP/Ethernet, Wireless & Hybrid transmission solutions

GameChanger™ Supports 2.5Gbps or 1Gbps & 100W of PoE for all IP Ethernet applications at 656ft/200M

optimize! Professional IT measurement technology to optimize the performance of your data communication through fast and secure connections for the entire life cycle of your network.

# Audio Visual

Velocity Control, BYOD solutions, AV Cameras, Switchers, Extenders, Small Amplifiers

Enterprise IP & RF Video distribution systems. HDTV modulators / tuners, IPTV encoders, Digital RF systems

DIGITAL SIGNAGE , Video Walls, Video Kiosks, Touchscreen Whiteboards Tech boards, Transparent LED

Complete mounting solutions for Pro AV market. Video Walls, Kiosks, Outdoor displays, custom solutions

Manufacturer of the world's first Plane Array™ loudspeaker system, w/computer controlled 3-D wavefront adaptation and control.

YOUR Speaker resource, offering a broad range of speakers—Interior / Exterior

Professional Audio—Public address, Voice evac, Background music, intercom, wireless/wired mics Amplifiers

Google EDLA Certified Interactive Flat-Panel designed to promote learning and active participation

Real time IT Collaboration Management (ITCM) solution. Manage MS Teams, Zoom, Logitech, Poly, Cisco, IoT, USB, Networks, AV and more, with unparalleled ease on OneUI.
